The diagram illustrates a 2D lattice structure, likely representing a square grid. The lattice is composed of light gray squares. A path of squares is highlighted in a darker gray, starting from the bottom-left corner (F1) and moving towards the top-right. The path consists of squares labeled F1, F2, F3, F10, F9, F12, F13, F14, F6, F7, F17, F16, F5, F4, F15, and F11. The square F13 is highlighted in a darker gray, indicating the current position. The squares F2, F9, F12, and F5 are outlined with a blue border. The grid is surrounded by a light gray border.
